

**REMARKS**

This Amendment is submitted in response to the Office Action dated March 2, 2007. In the Office Action, the Patent Office states that the reply filed on November 16, 2006 and March 28, 2006 are not fully responsive to the Office Action mailed on June 13, 2005. The Patent Office stated that Claim 13, the term "arm" is missing after "spring". Moreover, the previously filed drawings filed on November 14, 2006 does not provide for reference numeral "19".

Applicant submits the replacement drawings with the marking "Replacement Sheets" as set forth in 37 CFR 1.111. Additionally, Applicant has amended claim 13 to read "spring arm". Applicant respectfully submits that the objections have been overcome. Notice to that effect is requested.

In view of the foregoing remarks, Applicant respectfully submits that all of the claims in the application are in allowable form and that the application is now in condition for allowance. If any outstanding issues remain, Applicant urges the Patent Office to telephone Applicant's attorney so that the same may be resolved and the application expedited to issue. Applicant requests the Patent Office to indicate all claims as allowable and to pass the application to issue.

Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 50-2191 and please credit any excess fees to such deposit account
